Fire Lane Sign Information

- The sign shall be 12” x 18” in size.
- Sign material shall be steel or aluminum.
- The letters “No Parking Fire Lane” shall be red.
- The sign background shall be white and reflective.
- The sign shall be permanently mounted to a steel post or an adjacent building wall (where applicable).
- The bottom of the sign should be approximately 7’ from ground level.
- Signs can be made by most local sign shops or you can Google search “Fire Lane Signs,” and many order options should be available.
- Fire Lane curbs or stripes should always be yellow in color.
