

The Numbers

Since 2011, our hunters have:

- Killed 955 deer
- Donated 9,501 pounds of ground venison
- Maintained a perfect, zero-accident safety record

Donate Your Deer!

Consider donating one or more of your deer this year! The meat goes to Morgantown shelters, food pantries and other support agencies to help those in need in our community. We only need 499 pounds this year to surpass the five-ton donation mark. 10,000 pounds of meat!

(Gut dumpster meetup. A truckload headed to Seese's for donation.)

Dave & Sheila Seese – (304) 379-6562 – 715 Seese Road, off of Brandonville Pike

Arrow Labels

Each of your arrows need to be labeled with your name, as well as numbered. You can use a marker on the vanes to do so or you can use a label maker like the picture above.

“Gut Dumpster” Location

The City provides a dumpster for hunters to dispose of entrails. The dumpster is located in the back of the gravel lot next to the City garage, just off of Green Bag Road. Hunters can gut their deer in the grass next to the dumpster. All entrails must be bagged before disposal.

Please keep the area around the dumpster as clean as possible and close the lid after drop-off.
